Letter from the Dean of Students

Dear Students,

Welcome to the 2024-25 academic year. It's a great time to be a Coyote! Please take some time to review the University of South Dakota Student Handbook, which provides valuable information regarding your safety, activities you can participate in, and services provided at USD.

Student Services supports the USD community by offering educational and social opportunities that encourage student engagement, promote skill development and prepare students for life after graduation. We empower students by providing dynamic experiences that foster a sense of belonging, assist students in gaining life skills, and encourage students to contribute to a positive community – all while developing a sense of purpose, tradition, and community at USD. We promote wellness and provide resources to help students be successful.

I encourage you to participate in the various activities and organizations available at USD. By getting involved, you will not only have a more enriching experience at USD, but you will also set yourself up for success; research demonstrates that students who are involved in their collegiate career are more likely to persist toward graduation and enjoy their college experience. Set goals, make good choices, stretch outside of your comfort zone, and take time to reflect on your experiences. If you need assistance, ask for help – we are here to serve you. At USD you will find a community that is student-centered and focused on student success. As Assistant Vice President of Student Support Services and Dean of Students, I am here to promote an environment that is responsive to all students and be your advocate, so please do not hesitate to contact me at DeanofStudents@usd.edu.

Best wishes for a great academic year.

General Information

Class Management

Instructors are fully responsible for the operation, management, and conduct of their classes within the limits of policy as determined by the faculty. The following policy was adopted by the University Senate on June 6, 1984, as amended on June 6, 2001:

Students are to receive, from the instructor, at the beginning of each course a written statement of course policy and requirements. These will include criteria for grading, attendance requirements, final examination date and student responsibilities related thereto, and any other special assignments, e.g., term papers or projects. The statement shall also include the office hours of the instructor which are regularly maintained during the academic term. A statement of course policy and requirements will be filed by each instructor with his/her department chair.

Federal agencies require the University to track students who cease to attend one or more of their classes, and failure to track them incurs institutional fiscal liability. Please be sure your attendance policies comply. The following action was taken at the March 14, 2001, University Senate meeting:

It is the policy of the University Senate that all faculty members, at a minimum, take attendance in their introductory (100-200 level) courses.

In addition to the policies approved by the University Senate, faculty must include the following statements in all course syllabi:

Academic Integrity

No credit can be given for a dishonest assignment. A student found to have engaged in any form of academic dishonesty may, at the discretion of the instructor, be:

- a. Given a zero for that assignment.
- b. Allowed to rewrite and resubmit the assignment for credit.
- c. Assigned a reduced grade for the course.
- d. Dropped from the course.
- e. Failed in the course.

Freedom in Learning

Under Board of Regents and University policy, student academic performance may be evaluated solely on an academic basis, not on opinions or conduct in matters unrelated to academic standards. Students should be free to take reasoned exception to the data or views offered in any course of study and to reserve judgment about matters of opinion, but they are responsible for learning the content of any course of study for which they are enrolled. Students who believe that an academic evaluation reflects prejudiced or capricious consideration of student opinions or conduct unrelated to academic standards should contact the dean of the college or school that offers the class to initiate a review of the evaluation.

Academic Accommodation

The University of South Dakota strives to ensure that physical resources, as well as information and communication technologies, are reasonably accessible to users in order to provide equal access to all. Any student who feels s/he may need academic accommodations or access accommodations based on the impact of a documented

disability should contact and register with the Office of Accessibility during the first week of class or as soon as possible after the diagnosis of a disability. The Office of Accessibility is the official office to assist students through the process of disability verification and coordination of appropriate and reasonable accommodations. Students currently registered with the Office of Accessibility must obtain a new accommodation memo each semester.

Please note: If your home institution is not the University of South Dakota but one of the other South Dakota Board of Regents institutions (e.g., SDSU, SDSMT, BHSU, NSU, DSU), you should work with the Office of Accessibility coordinator at your home institution.

Emergency Procedure Guidelines

Emergency Information

Phone: 911

USD has emergency guidelines and operating procedures in place for a wide variety of possible emergency situations. Individuals should become familiar with emergency response procedures on the emergency information website in order to have a plan and know what to do before, during, and after an emergency.

The University of South Dakota has implemented a [Campus Alert Notification System](#) for students, faculty, and staff. This service allows USD to send critical weather-related and emergency alerts to your cell phone, landline, or computer. Students are also encouraged to download the [Everbridge mobile app](#) on their personal cellular devices. Notifications may also be received via the Everbridge mobile app in the event of a major emergency. In the event of a major emergency, the University's homepage will also be updated with USD Emergency Information including the nature of the emergency and further emergency procedures. Students, faculty, and staff will receive Campus Alert registration instructions via an email to their USD email address. Once registered, notification settings can be modified by logging in to the [Campus Alert System](#). If you have any questions about changing notification settings please contact the ITS Helpdesk (I.D. Weeks 104, 605-658-6000, servicedesk@usd.edu).

Identification Number

Office of the Registrar

Belbas Center, 223

Phone: 605-658-3880

Email: registrar@usd.edu

Every student must have an accurate Social Security number (or assigned student identification number) before proceeding with registration. This number must be entered or verified on the USD information form. This number, unlike the student's name, is unique; it controls the accuracy of the student's records. Any inaccuracies in the Social Security number (or assigned student identification number) should be reported by the student to the Registrar's Office.

In accordance with the Privacy Act of 1974, applicants for admission and enrolled students are advised that the requested disclosure of their Social Security number to the Registrar's Office is voluntary. The applicant or student has the right to refuse disclosure of the number or request its removal from records without penalty. If this right is exercised, only the assigned student

identification number will be used for record purposes throughout the duration of the student's involvement with the University.

The Social Security or student identification number will be used: (a) to identify such records as applications for admission, registration and course enrollment documents, grade reports, transcript requests, certification requests, and permanent academic records; (b) to determine eligibility, certify school attendance, and report student status; and (c) as an identifier for grants, loans, and other financial aid programs. The student's Social Security or student identification number will not be disclosed to individuals or agencies not associated with The University of South Dakota, except as provided for in The University of South Dakota Student Records Policy.

Within co-curricular transcript paths, a student can choose learning experiences and programming offered in the areas of inclusive excellence, personal development, leadership development and civic engagement; focused on skills development to meet employer expectations and life experiences to deepen their global perspective.

Student Health is not insurance, but a list of discounted rates that are offered to students through the Student Health Agreement. Students are strongly encouraged to have insurance coverage for medical expenses. There are several options available to you to seek health insurance coverage in the federal health insurance marketplace or from private insurance carriers. The [health insurance marketplace website](#) has interactive tools that will assist you in finding an insurance plan that meets your coverage needs and will help you determine if your income level qualifies you for a subsidy. The state of South Dakota has three providers available in the health insurance marketplace, including: Avera Health Plans, Sanford Health Plan, and DakotaCare.

For all international students, [SDBOR Policy 3.5.2](#) requires that you have credible health insurance as determined by the SD Board of Regents. You are responsible for purchasing health insurance coverage that meets BOR Policy 3.5.2 requirements, any federal visa requirements, and IRS regulations. The South Dakota Board of Regents has identified several health insurance options that are acceptable under BOR policy. They are listed below. You will be required to provide proof of coverage to the International Office by the add/drop date of each academic term. If you do not provide proof of insurance, you will not be able to enroll at USD or at any SD Board of Regents university. The default health insurance plan for international students at SD Board of Regents schools is provided by Academic Health Plans (AHP). For more information, visit the [SD BOR Student Health Website](#). All international students are required to purchase an Academic Health Plans (AHP) plan as detailed above. Under limited circumstances, this requirement may be waived if a student provides adequate proof of coverage by completing the [Health Insurance Waiver Request Form](#). The following reasons will qualify you for a waiver of the health insurance requirement:

- Sponsored Student Insurance (Embassy, Government, NGO, etc. Does NOT include family-sponsored insurance.)
- Employer-Sponsored Insurance (including Medical Evacuation and Repatriation) for Employees or Dependents
- Athletic Insurance for Primary Insurance Only
- Indefinite Residence (ability to establish domicile in South Dakota)
 - Provide Documentation of SD Domicile based on Visa/Immigration Status (defined by BOR)
 - F and J visa holders are not eligible
- ACA Compliant Plan
- ISEP or other official Exchange Program

- Home Country Coverage that Meets SDBOR Minimum Coverage Requirements (detailed on Form B) and is Valid in the United States
 - Students must first check with their international office to determine if the insurance mandated by their home government is eligible for a waiver.

Proof of coverage is required by the add/drop date, as specified by the academic calendar, and should be provided to the Gallagher International Center. If you do not provide proof of coverage you will be withdrawn from enrollment at your university or have the highest premium plan added to your student bill. For any questions on the above, please contact the International Student Services by email isso@usd.edu or by phone 605-658-6255.

Office of Accessibility

Commons, 116
Phone: 605-658-3745
FAX: 605-658-3357
Email: Accessibility@usd.edu

Mission Statement: The mission of the Office of Accessibility is to provide students with disabilities, accommodations and resources to ensure full access to all the programs and services of the University of South Dakota and to promote a welcoming and inclusive environment.

The purpose of Office of Accessibility is to ensure, for students, University of South Dakota compliance with Section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act Amendment Act (ADAAA) of 2009, and other applicable federal and state laws, and provide disability expertise to the campus.

The Office of Accessibility recognizes that disability is an aspect of diversity and embraces the University of South Dakota's institutional values of diversity and inclusiveness, encouraging both by promoting education and awareness of disability and learning differences as essential pieces of a diverse cultural experience.

The Office of Accessibility endeavors – through collaboration, education, technical assistance, and collegiality – to assist the University of South Dakota administration, faculty, staff, and students in creating a universally accessible and inclusive campus for all people.

The Office of Accessibility is an integral part of the University of South Dakota, committed to ensuring students with disabilities experience an accessible campus. The Office of Accessibility provides support to students with disabilities to ensure full and equal access to the educational opportunities, programs, and activities USD offers through the provision of reasonable and appropriate accommodations. Reasonable and appropriate accommodations do not fundamentally alter the nature of programs or lower academic and other essential performance standards.

A student is responsible for actively participating in the accommodation process by making timely and appropriate disclosures and requests. Any delay in the process on the student's part may result in limiting the ability of the Office of Accessibility to provide reasonable accommodations. The process includes:

- **Self-Disclose Disability and Register** – It is the student's responsibility to identify as a person with a disability and register with the Office of Accessibility. A student may self-disclose at any time; however, students are encouraged to self-disclose and register before classes begin. A student may contact the Office of Accessibility online, email, phone, or schedule a time to meet to self-disclose, register, and begin the interactive process of requesting accommodations.
- **Provide Disability Documentation** – A student must provide the Office of Accessibility with documentation to support their request for accommodations. Each student and each disability are unique; therefore, the type of documentation each student provides will be different. However, all documentation must be current and relevant, address the current impact of the disability, and illustrate a connection between the disability and the requested accommodation.
- **Request Accommodations** – Accommodation requests are approved to assure full access to the educational opportunities, programs, and activities of USD. Accommodations assure access by lessening or removing a barrier that may exist due to the student's disability. A student must request accommodations that are reasonable and appropriate in a college setting.
- **Actively Communicate** – A student must actively and continuously communicate with the Office of Accessibility and faculty to ensure the accommodations are effective. Active communication also allows for accommodations to be adjusted as needed throughout the course of the semester.

If you are a student with a disability, please contact the Office of Accessibility as soon as possible if you want to request accommodations. If you are a student and you suspect you may have a disability, contact the Office of Accessibility to discuss evaluation options via campus and community resources.

Scholarship Acceptance and Terms

Acceptance of an individual student aid award is an agreement to the terms and conditions of that award as well as all policies governing USD scholarships. It also permits USD and the USD Foundation to release basic information (name, year in school, hometown, major, etc.) to donors, media, educational affiliates, and for use in University communications.

Every student's financial award package (scholarships, gifts, and need-based assistance) is subject to audit with the final determination to be made by the USD Financial Aid Office in compliance with federal aid regulations. A student's USD funds may not exceed in-state direct costs (tuition, fees, room and board). If the student also receives non-USD funds (including all forms of federal, state, and external assistance), the total of all funds cannot exceed the total direct and indirect costs of education. Indirect costs include allowances for personal expenses and transportation.

- USD reserves the right to adjust individual scholarship awards after a student has accepted them to ensure the effective use of federal, state, and university dollars.
- Full-time fall and spring enrollment (or program equivalency) on the Vermillion campus is required for all USD scholarship recipients unless otherwise stipulated by USD Foundation donor preferences.
- Renewable awards are contingent upon maintaining a minimum grade point average, completion of donor appreciation letters if requested, and meeting all other conditions of the renewal criteria as specified in the award notification.
- Scholarships may not be prepaid, such as early graduation, or accessed prior to the semester(s) indicated in the award notification.
- Priority consideration for scholarship recipients will be given to those who complete online academic scholarship applications.
- If a student is awarded any scholarship equal to or greater than the cost of in-state tuition and fees for 30 credits, the Coyote Commitment, USD Dual Credit, USD Housing, USD Grant, or USD Valedictorian Scholarship offers previously made by the University will be replaced with the new award.
- Students wishing to appeal or petition USD scholarship criteria or renewal should complete the Scholarship Appeal Process in Coyote One Stop.

Honors Program

Old Main, 120

Phone: 605-658-3340

The Honors Program offers both a curriculum and a community. Students are admitted to one of two tracks by application. The majority of students apply as high school seniors and complete the requirements to become a University Scholar: 15-18 credits in Honors, including special core classes, unique seminars, and a thesis. Students who enter the program with more than 24 credits may opt for the Thesis Scholar track; these students may take some Honors core courses and are required to take two upper-division Honors seminars in addition to writing a thesis. Honors Program students receive their academic advising through the Honors Program and are also assigned an academic advisor in their major when they reach 45 college credits (Education, Fine Arts, and Business students also have advisors in their respective departments). The Program is open to students in all majors. Currently enrolled students with a 3.5 GPA or higher and the interest, preparation, and enthusiasm necessary to complete an undergraduate thesis project are encouraged to visit with the Honors Program.

Academic Appeals

SD Board of Regents Policy 2.9.1, Student Appeals for Academic Affairs

The [Academic Appeals](#) form may be found on the Registrar's webpage. For questions, contact your academic advisor, Academic Affairs (Slagle Hall 102, 605-658-3580), or the Academic Dean of your college. Graduate students should contact the Graduate School (605-658-6173 or grad@usd.edu).

Academic Excused Absence Policy

When necessary, make-up of course requirements missed because of student participation in university-sanctioned events and activities shall be worked out between the instructor and the student upon the student's timely initiative. For a university-related event, a student must contact their instructor at least two days prior to the absence and provide documentation from the sponsoring unit, indicating the dates that the student will be absent from class.

To the extent possible, it is the student's responsibility to immediately contact each of their instructors regarding unplanned class absences and the possibility of making up missed assignments and exams. The Dean of Students Office will notify instructors of absences due to medical issues, family funerals, or family emergencies upon receipt of documentation from the student. Instructors are required to allow for such make-up in a timely manner when the student's absence has been verified by the Dean of Students or follows university policy. The class and/or department may have special attendance policies, when those policies are not in conflict with the student's right to make up missed requirements as described above.

You can contact the Dean of Students office at 605-658-3555 or deanofstudents@usd.edu for clarification or guidance regarding the Academic Excused Absence Policy. Documentation, such as a doctor's note, obituary, verification by the USD Title IX Coordinator, etc, can be emailed to deanofstudents@usd.edu. For at home COVID or influenza tests, please [email](#) one picture which includes: the positive test, the student's ID, and the date.

Students will need to work directly with their instructors for absences due to weather, vacations, weddings, car trouble, or undocumented issues. The Dean of Students duty is to verify documentation. If no documentation is available, students will need to work directly with their instructors.

Academic Integrity Philosophy

Academic integrity is a fundamental concept underlying the educational enterprise of the university. As such, the idea of academic integrity must be embraced by all who are members of the university community and must be a guiding principle in all actions of the university. Academic integrity encompasses the values of honesty, trust, fairness, respect, and responsibility and is the foundation for the standards of acceptable behavior that apply to all within the university community.

To this end, the University of South Dakota seeks to embrace, promote, and maintain an atmosphere of honesty and integrity that can be summed up in the following simple statement:

We are committed to honesty, fairness, trust, respect, and taking responsibility for our actions.

The university should:

1. Promote a well-defined philosophy of academic integrity pertaining to all members of the university community and address the five cardinal values of honesty, trust, fairness, respect, and responsibility.
2. Promulgate clear procedures for dealing with the transgression of the established policies protecting academic integrity. These procedures should be congruent with applicable laws, Board of Regents policy, and existing university policy, including the Student Code of Conduct and the Academic Appeals process, so as to protect the rights of all involved. The colleges and schools within the university should be allowed latitude in establishing appropriate procedures that take into account not only the values and ideals promoted by the university but also those which are congruent with expectations of acceptable conduct in professional settings. An innate feature of the university community is an emphasis on dialogue and learning; thus, consultation and mediation should be emphasized as the primary means of resolution in instances where academic integrity has been lacking. This emphasis does not preclude stringent application of appropriate university policy when necessary. Similarly, commitment to academic integrity should enhance, not stifle, honest disagreement, debate, and differences of opinion among the members of the university community.
3. Use all appropriate avenues to disseminate and underscore the core values of academic integrity at the university. Applicants, parents, enrolled students, visitors, faculty, staff, and administrators should be aware of the university's philosophy and policies on academic integrity. Commitment to academic integrity should be prominent in all actions of the constituents of the university community. All students, faculty, and staff entering the university community for the first time shall be apprised of the academic integrity policies and should agree to the philosophy that underlies them. The University should take opportunities to reinforce the academic integrity philosophy at appropriate times throughout the academic year
4. Revisit the academic integrity philosophy and policies in a timely manner.

Guidance on the policies and processes concerning suspected **Academic Misconduct** is available online. Questions may be directed to **Student Rights & Responsibilities**, 605-658-3561, MUC 206..

Classification of Students for Tuition Purposes

***Credit Hour Basis of Tuition Charges**

All tuition charges at the institutions of higher education under the jurisdiction of the Board of Regents will be on a credit hour basis. **SD Board of Regents Policy 3.1.1**, Resident and Nonresident Classification of Students

Classification of Students for Tuition and Fee Purposes

Students enrolling in any of the state institutions shall be classified as resident or nonresident for admission, fee, and tuition purposes by the Registrar's Office. The decision shall be based upon information furnished by the student and all other relevant information. The University is authorized to require such written documents, affidavits, verifications, or other evidence necessary to establish the residence of the student, including proof of emancipation, adoption, or appointment of a guardian. Students have the burden of establishing residency by clear and convincing evidence.

Students may request a review of the original classification decision. Information on the review and appeals process is found at the end of this section.

Establishing Bona Fide Residence

For tuition purposes, residence means the place where a person has a permanent home, at which the person remains when not called elsewhere for labor, studies, or other special or temporary purposes, and to which the person returns at times of repose. It is the place a person has voluntarily fixed as the person's permanent habitation with intent to remain in such place for an indefinite period. A person, at any one time, has but one residence, and a residence is not lost until another is gained.

The residence of an unemancipated person under twenty-four years of age follows that of the parents or of a legal guardian who has actual custody of the person or administers the property of the person. In the case of divorce or separation, if either parent meets the residence requirements, the person shall be considered a resident.

Students who enter the state for the predominant purpose of attending a Board institution and who are under the custody of a guardian in fact, that is, a person who has been designated in writing by the student's parents or legal guardian to serve as their attorney in fact for purposes related to the individual un-emancipated student's affairs, may file a residency petition with the Board at the time of admission.

A person shall be classified as a resident student if the person has continuously resided in South Dakota for at least twelve consecutive months immediately preceding the first scheduled day of classes of the semester or other session in which the individual registers in the regental system; except that un-emancipated students whose parents established their residence in South Dakota for reasons not predominantly related to qualifying their children for reduced tuition, may be classified as residents notwithstanding the fact that they have not resided in South Dakota for the requisite twelve months prior to the first scheduled day of classes.

If it appears that the parents of a person properly classified as a resident student under the provisions of this section have removed their residence from South Dakota, the person shall be reclassified to the status of nonresident unless the parents have been residents for the twelve months immediately preceding such removal. However, no such reclassification is effective until the beginning of a semester next following the removal.

Physical presence in South Dakota for the predominant purpose of attending an institution of higher education controlled by the Board of Regents does not count in determining the twelve-month period of residence.

Absence from South Dakota to pursue post-secondary education does not deprive a person of resident student status.

A person once properly classified as a resident student shall be deemed to remain a resident student so long as remaining continuously enrolled in the regental system until the person's degree shall have been earned.

Attendance shall be deemed “continuous” if the person has been enrolled at a school or schools in the state as a full-time student since the beginning of the period for which continuous attendance is claimed. Such a person need not attend summer sessions or other such sessions beyond the normal academic year in order to render “continuous” attendance.

Petition for Reclassification

After twelve months of continuous presence in South Dakota, students who were initially classified as nonresidents may petition for reclassification. Students who wish to begin this process should contact the Registrar’s Office (Belbas Center 223; 605-658-3880; registrar@usd.edu).

The following factors shall be considered relevant in evaluating a requested change in a student’s nonresident status and in evaluating whether the person’s physical presence in South Dakota is for the predominant purpose of attending an institution of higher education controlled by the Board of Regents:

1. The residence of an unemancipated student’s parents or guardians;
2. The situs of the source of the student’s income;
3. To whom a student pays taxes, including property taxes;
4. The state in which a student’s automobile is registered;
5. The state issuing the student’s driver’s license;
6. Where the student is registered to vote;
7. The marriage of the student to a resident of South Dakota;
8. Ownership of property in South Dakota and outside South Dakota.
9. The residence claimed by the student on loan applications, federal income tax returns, and other documents;
10. Admission to a licensed profession in South Dakota;
11. Membership in civic, community, and other organizations in South Dakota and elsewhere; and
12. The facts and documents pertaining to the person’s past and existing status as a student.

The existence of one or more of these factors does not require a finding of resident student status, nor does the nonexistence of one or more require a finding of nonresident student status. All factors shall be considered in combination, and resident student status may not result from the doing of acts which are required or routinely done by sojourners in the state or which are merely auxiliary to the fulfillment of educational purposes. The fact that a person pays taxes and votes in the state does not in itself establish residence.

Retention of Residence While in Military Service

In determining residence status for tuition purposes, it is presumed that persons in military service who list South Dakota as their “home of record” and who, immediately upon release, return to South Dakota to enter college will be classified as residents.

Changes of Classification

Change in classification from nonresident to resident shall become effective upon the next registration after the application for resident classification is approved. The application for resident classification is available in the Registrar’s Office, or [online](#). The deadlines for submission of the residence questionnaire for each term are indicated in the annual [Schedule of Classes](#).

Classification Appeal Procedure

Students may formally appeal the reviewed decision (see paragraph above) to The University of South Dakota. The appeal form is available in the Registrar’s Office, or [online](#). The appeal is then reviewed by USD’s Residency Appeals Committee.

Students may further appeal the committee's decision to the Executive Director of the South Dakota Board of Regents. Upon receipt of an appeal, the Executive Director will request that USD forward copies of the student's appeal file, including all documentation used in making the committee's decision. The student's letter must include a clearly laid-out explanation of why the student disagrees with the committee's decision. The appeal form is available in the Registrar's Office, or [online](#).

Commitment to Freedom of Expression

The University of South Dakota respects and follows [South Dakota Board of Regents Policy 1.6.2](#) regarding freedom of expression.

Communicable Disease Policy

The University of South Dakota is committed to providing educational resources to its students, faculty, and staff regarding communicable diseases as outlined in [SDBOR Policy 3.5.1](#).

No otherwise qualified individual, because of the presence of any communicable disease, will be denied admission or access to services or programs. However, the university may require restriction from specific areas if such activities would jeopardize student health and safety.

Special precautions to prevent contagious diseases from spreading may be necessary. The university will observe public health reporting requirements to local and public health authorities. Medical information regarding individuals with AIDS, AARC, or HIV antibody-positive status will not be provided to any person, group, agency, insurer, etc., without written permission from the student, provided that written permission from the student is not required for public health reporting purposes.

Safety guidelines consistent with public health recommendations will be adopted for handling blood and body fluids in the classroom setting as well as outside of the classroom.

Individuals and organizations that attempt to impose restrictions, other than those authorized by the Board of Regents, on HIV-positive individuals, will be subject to disciplinary action including expulsion, or, in the case of organizations, withdrawal of recognition.

Please refer to the Immunization Policy for additional information regarding required immunizations and exemptions from this policy.

Complaints against a Dean or Vice President

If a complaint is made against a dean or vice president, the formal appeal procedure shall begin at the next administrative level and continue as specified herein except that each step will be conducted at a higher administrative level.

Concerns & Complaints

If you have a concern or complaint, we want to hear from you. Complaints can be made via an online submission form. The purpose of this form is to make the university aware of your concerns, complaints, or questions regarding university policies or actions and help to resolve them. [File a Concern or Complaint here](#).

Employee-Employee & Faculty-Student Consensual Relationships

The University of South follows [South Dakota Board of Regents Policy 4.8.4](#) regarding consensual relationships.

Equal Opportunity, Non-Discrimination, Affirmative Action Policy

A Statement from the President of the University of South Dakota

"Any form of harassment or discrimination hinders the learning process and disrupts the work environment. The University of South Dakota seeks to prevent harassment and discrimination through education and open dialogue, and where harassment and discrimination exists, to thoroughly investigate all claims."

Sheila Gestring, USD President

Notice of Nondiscriminatory Policy

In accordance with the [South Dakota Board of Regents Policy 1.4.4](#), the institutions under the jurisdiction of the Board of Regents shall offer equal opportunities in employment and for access to and participation in educational, extension and other institutional services to all persons qualified by academic preparation, experience, and ability for the various levels of employment or academic program or other institutional service, without discrimination based on sex, race, color, creed, national origin, ancestry, citizenship, gender, gender identification, transgender, sexual orientation, religion, age, disability, genetic information or veteran status or any other status that may become protected under law against discrimination. The Board reaffirms its commitment to the objectives of affirmative action, equal opportunity, and non-discrimination in accordance with state and federal law. Redress for alleged violations of those laws may be pursued at law or through the procedures established by the provisions of [SDBOR 1.4.3](#) of this policy.

Human Rights Complaint Procedures

The University of South Dakota follows the **South Dakota Board of Regents Policy 1.4.3** regarding human rights complaint procedures.

Immunization Policy

- A. Due to regulations mandated by the South Dakota State Law, **SD BOR 2.2.1.1**, and the State Health Department, ALL students whatever their classification or status must have medically signed proof of TWO (2) properly administered immunizations OR immune titers for Measles (Rubeola), Rubella and Mumps. These are required for all new, readmitted, and transferred students of all State Institutions. If you only have one immunization, the required second immunization may be administered not less than one month after the first immunization.

Evidence of immunization or immunity will be documented and signed by a healthcare provider or other record keeper. Other immunization records acceptable to the South Dakota Department of Health also may be used to document compliance with the immunization requirements. These are:

- A physician's certificate
- Immunization records forwarded by another school
- A record maintained by the student or parent showing the month and year during which dose of vaccine is administered - signed by a health professional
- The Advisory Committee on Immunization Practices (ACIP) has recommended that college freshmen living in residence halls receive the vaccine for meningococcal meningitis
- All students who meet established criteria are obliged to demonstrate immunity to measles, mumps, and rubella. Relevant criteria – i.e., key factors which drive the need for compliance - are delineated below:
- Age: students born on or after January 1, 1957, must comply; those born prior to this date are excused (no form required)
- Course schedule: students who register for two or more credit-bearing classes – and at least one course involves face-to-face contact on a weekly basis for multiple weeks – are obliged to comply. This includes participation at all campuses and centers, including USD Sioux Falls.

Exemptions:

Students who are taking courses off-campus, such as on-line, correspondence, or through DDN.

Exemptions to the MMR requirement will be considered if there is a medical or religious contraindication (form required).

Permanent Exemption

- A serious, chronic medical condition that contraindicates administration of vaccines on a long-term basis – **Physician Statement Required**.
- Affiliation with an established religion, the doctrine of which prohibits vaccinations - completion of approved **University Form** or submission of hard copy personal statement required. Note: state law requires validation from a parent if the student is less than 18 years of age.
- Adverse reaction to the first MMR precludes administration of the second—physician statement required.

Temporary Exemption

A medical condition of short duration that contraindicates administration of vaccines; the most common application of this waiver is linked to pregnancy – **Physician Statement Required**.
In the event of an outbreak, students who are granted waivers and exemptions will be excluded from campus. Exclusion procedures will be determined at the point of the outbreak and will adhere to the advice of the South Dakota State Department of Health.

Missing Student Policy

Reporting a Student as Missing:

1. Any person may report a university student as missing by filing a report with the Assistant Vice President of Student Support Services in the Dean of Students office or the University Police Department. It is not necessary to wait until the student has been missing for twenty-four hours before making a report.
2. For purposes of this policy, a student is missing when the student's whereabouts are unknown and unexplained for a period of time that would be regarded as highly unusual or suspicious by persons familiar with the student's plans, habits, or routines.

Notification of Rights under FERPA

The Family Educational Rights and Privacy Act (FERPA) afford eligible students certain rights with respect to their education records. (An "eligible student" under FERPA is a student who is 18 years of age or older or who attends a postsecondary institution at any age.) These rights include:

1. The right to inspect and review the student's education records within 45 days after the day the University of South Dakota receives a request for access. A student should submit to the registrar, dean, head of the academic department, or other appropriate official, a written request that identifies the record(s) the student wishes to inspect. The school official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the school official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.
2. The right to request the amendment of the student's education records that the student believes is inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

A student who wishes to ask the school to amend a record should write to the school official responsible for the record, clearly identify the part of the record that the student wants changed, and specify why it should be changed.

If the school decides not to amend the record as requested, the school will notify the student in writing of the decision and the student's right to a hearing re-garding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

3. The right to provide written consent before the university discloses personally identifiable information (PII) from the student's education records, except to the extent that FERPA authorizes disclosure without consent.

The school discloses education records without a student's prior written consent under the FERPA exception for disclosure to school officials with legitimate educational interests. A school official is a person employed by the University of South Dakota in an administrative, supervisory, academic, research, or support staff position (including law enforcement unit personnel and health staff); a person serving on the board of trustees; or a student serving on an official committee, such as a disciplinary or grievance committee. A school official also may include a volunteer or contractor outside of the University of South Dakota who performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, or collection agent or a student volunteering to assist another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities for the University of South Dakota.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the University of South Dakota to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202

Except for disclosures to school officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and

A postsecondary institution may disclose personally identifiable information from the education records without obtaining prior written consent from the student –

- To other school officials, including teachers, within the University of South Dakota whom the school has determined to have legitimate educational interests. This includes contractors, consultants, volunteers, or other parties to whom the school has outsourced institutional services or functions, provided that the conditions listed in §99.31(a)(1)(i)(B)(1) - (a)(1)(i)(B)(2) are met. These entities may make further disclosures of PII to outside entities that are designated by them as their authorized representatives to conduct any audit, evaluation, or enforcement or compliance activity on their behalf. (§§99.31(a)(3) and 99.35)
- In connection with financial aid for which the student has applied or which the student has received, if the information is necessary to determine eligibility for the aid, determine the amount of the aid, determine the conditions of the aid, or enforce the terms and conditions of the aid. (§99.31(a)(4))

(§99.31(a)(14))
- To parents of a student regarding the student's violation of any Federal, State, or local law, or of any rule or policy of the school, governing the use or possession of alcohol or a controlled substance if the school determines the student committed a disciplinary violation and the student is under the age of 21. (§99.31(a)(15))

Parental Notification of Drug/Alcohol Policy Violation

SD Board of Regents Policy, 3.4.1. Student Code of Conduct – Student Conduct Process - Sanctions

The Family Educational Rights and Privacy Act (FERPA) permits colleges and universities to inform parents of alcohol and other drug policy violations committed by their students who are under the age of twenty-one at the time of the violation. University of South Dakota (USD) personnel understand that parents are partners in responding to issues of substance use or abuse. Thus, it is USD practice to notify parents or guardians of their student's alcohol and/or other drug policy violation when, in addition to the FERPA conditions, the violation occurred as follows:

1. The student is responsible for a second violation of South Dakota Board of Regents Policy 3:4, the Student Code of Conduct, concerning alcohol and other drugs, and the violation resulted in at minimum an imposition of disciplinary probation.
2. Violation(s) by the student, while enrolled at another institution under the control of the BOR, shall be considered a violation under this policy.
3. The Dean of Students or the Dean's designee will determine, in each instance, whether parental notification will be made. When a determination is made that parental notification is appropriate, notification of a parent or guardian shall be made in writing and mailed to the parent or guardian at the address on record. Students whose parents will be notified consequent to a conduct process may view a template of the notification letter in the Office of Student Rights & Responsibilities.
4. Records of parental notification under this policy will be maintained in the Office of the Dean of Students or as otherwise designated.
5. In addition to the foregoing, USD policy provides for parental notification of alcohol and other drug violation or misuse without prior notice to the student in circumstances where action has been or will be taken to protect the safety of the student or other individuals.

Registered Sex Offenders

Registered sex offenders can be identified by contacting the local law enforcement officials in our host municipality. If you would like information regarding registered sex offenders who are actively enrolled or employed at The University of South Dakota, contact the Clay County Sheriff's Office at 605-677-7100. They will advise you regarding the information you may obtain and their guidelines for obtaining the information or the information can be accessed at the [Clay County Sheriff Website](#).

Not all sex offenders who may be attending or employed at the University of South Dakota reside in Vermillion or Clay County. Be sure to indicate to the local law enforcement agency you contact that you are either a current or prospective student or employee at the University of South Dakota and that you want to review the listing for this institution. The law enforcement personnel will respond by directing you to the correct information.

Sexual Assault Policy

The University of South Dakota is dedicated to fostering an environment that respects the rights of all individuals and values the promotion of both a work and educational environment free of gender bias. In accordance with federal and state laws and the policies of the South Dakota Board of Regents, the University of South Dakota takes an active role in addressing sexual misconduct on campus. This approach includes but is not limited to: the offering of programming designed to help prevent sexual assault, the prompt and efficient investigation of all reported incidents, and the provision of resources and services, as well as any other reasonable assistance requested under Title IX.

At USD, the University Title IX Coordinator serves as the point of contact for those seeking information or those wanting to report violations of human rights, acts of discrimination/harassment, sexual harassment, sexual violence, domestic violence, dating violence, stalking, and any other forms of sexual misconduct. If you have been subject to any type of sexual misconduct or would like more information on how the university can assist you, contact the Interim Title IX Coordinator or visit the [USD Equal Opportunity and Title IX website](#).

South Dakota Board of Regents Policies

1.4.1 Sexual Harassment

1.4.2 Prevention of Dating Violence, Domestic Violence, Sexual Assault, and Stalking

1.4.3 Human Rights Complaint Procedures

The University of South Dakota is concerned with the personal safety of students, faculty, and staff, as well as aiding a person's ability to be responsible for his or her own safety. This mission is carried out by providing awareness of and educational opportunities about sexual assault, including rape, acquaintance rape, and other forcible and non-forcible sexual offenses. Good bystander behavior training is also offered. Several departments assist in this programming, including the USD Department of Public Safety, the Interim Director of Equal Opportunity & Title IX Officer, University Housing, USD Greek Life, and the Student Counseling Center.

The University educates the student community about sexual assaults and date rape through residence hall and student services programming each fall and throughout the academic year. All students are required to complete an online training program. The University Police Department offers sexual assault education and information programs to University students and employees upon request. Literature on date rape education, risk reduction, and University response is available through the Student Counseling Center.

If you are a victim of a sexual assault at this institution, your first priority should be to get to a place of safety. You should then obtain necessary medical treatment. The University Police Department strongly advocates that a victim of sexual assault reports the incident in a timely manner. Time is a critical factor for evidence collection and preservation. An assault should be reported directly to the University Police and/or the Title IX Coordinator. Filing a police report will:

- Ensure that a victim of sexual assault receives the necessary medical treatment and tests, at no expense to the victim;
- Provide the opportunity for collection of evidence helpful in prosecution, which cannot be obtained later (ideally a victim of sexual assault should not wash, douche, use the toilet, or change clothing prior to a medical/legal exam);
- Assure the victim has access to free confidential counseling from counselors specifically trained in the area of sexual assault crisis intervention.

The victim of a sexual assault may choose for the investigation to be pursued through the criminal justice system and the University Title IX Coordinator, or only the latter. The Title IX Coordinator will guide the victim through the available options and support the victim in his or her decision. Various counseling options are available from the university through the Student Health Center, Employee Assistance, and the Student Counseling Center. Counseling and

support services outside the university system can be obtained through the Domestic Violence Safe Options services and Sanford Medical Center.

University disciplinary proceedings, as well as special guidelines for cases involving sexual violence, are detailed in the *Student Handbook*. The *Handbook* provides, in part, that the respondent and the complainant will each be allowed to choose two advisors to accompany them throughout the process. Both the complainant and respondent will be informed of the outcome of the investigation as well as the informal and or formal disciplinary process. A student violating the Board of Regents Harassment/Including Sexual Harassment policy could be subject to both criminal prosecution by the State of South Dakota as well as the imposed sanctions of the university disciplinary process which may include either suspension or expulsion for a first offense.

Smoke-Free Zone Policy

SD Board of Regents Policy 4.7.2, Smoking

The University of South Dakota has an obligation to its employees, its students, and the public to take action known to protect people's health. Per South Dakota Codified Law (§§34-46-20), tobacco, as defined by this policy, includes vapor products. The use of tobacco and vaping products by employees or visitors compromises the responsibility of USD to provide a safe and healthy place to conduct business.

Smoking is not permitted on the campus of the University of South Dakota. Signs stating the policy will be posted across campus.

In accordance with the American Indian Religious Freedom Act, the no-smoking policy would not apply to ceremonial and traditional rites.

Compliance

Enforcement of this policy is the shared responsibility of all University of South Dakota personnel and students. All are authorized and encouraged to communicate this policy with courtesy, respect, and diplomacy, especially with regard to visitors. Violations of the policy may result in corrective and/or disciplinary action and should be reported to the supervisor, USD Human Resources, or the Dean of Students Office. Students may be referred to the conduct system.

Tobacco Cessation Opportunities

USD encourages all employees and students who use tobacco to quit. Tobacco cessation information and assistance is available online at the [South Dakota QuitLine website](#) and from the South Dakota QuitLine's toll-free number 1-866-737-8487.

Smoking Ban Policy

After reviewing the smoking ban resolution passed by the University of South Dakota Student Government Association and endorsed by the Faculty Senate, the USD Executive Committee voted to ban smoking on campus effective January 9, 2013.

Student violations of this policy may be reported to the Director of Student Rights & Responsibilities.

Employee violations are to be documented for supervisor/Dean follow-up, as well as evaluated for trends and patterns of noncompliance.

Solicitation of Students

USD Sales and Solicitation Policy

The University of South Dakota adheres to Board of Regents policy 6:13 with regard to the sales and solicitation of articles or services to students. If a private party wishes to solicit or sell articles or services to students, they should contact the Office of Scheduling, by email at scheduling@usd.edu or by phone at (605) 658-3563, to get more information.

Student Communications

The university provides a student email account for all students upon entering the university. The account is free of charge and currently remains active as long as the student remains actively enrolled. Students may opt in for an alumni email account to retain their university email address; additional information is available in [Coyote One Stop](#).

It is imperative that students understand that the university-assigned email address shall be the official means of communication. A student's failure to receive and read university communications in a timely manner does not absolve that student from knowing and complying with the content of such communications. The university has the right to expect that those communications will be read in a timely fashion. Instructions to add a student email account to a smartphone can be found on [Coyote One Stop](#).

You can review the full [USD Student Communications Policy](#) online.

Student Driver Policy

Students may be authorized to drive university or state vehicles for use in University of South Dakota-sponsored activities. Such requests must be approved by the sponsoring department or office. Student drivers must be employed by USD or must submit a Volunteer Work Agreement form to Human Resources. The Fleet Request form and Volunteer Work Agreement forms are available on the [USD portal](#). A valid driver's license issued in the United States is required. Use of university or state vehicles must be for official university business only and not for a matter of convenience.

You can review the full [SD Fleet & Travel Management Policy & Procedure Manual](#) online.

Student Employment Policy

All students who obtain employment with the University of South Dakota are required to complete and sign new hire paperwork including the I-9 Employment Verification form, W-4, Direct Deposit form, and Personal Data Statement. This paperwork can be completed in person at the department or Human Resources office or electronically via DocuSign*. For more information, please contact Human Resources at 605-658-3660 or visit [their website](#).

University Student Use of State Vehicles

Students may be permitted to use state vehicles in connection with activities carried out on behalf of the institution by academic or administrative organizations and be provided liability coverage if the following conditions have been met:

1. The student is an employee (being compensated by the university) and is driving the state-owned vehicle solely for business related to their university employment, which must be confirmed by a supervisor.
2. The student is an officially appointed volunteer of the university (and a [Volunteer Form](#) is on file with the university human resources department) and is driving the vehicle solely for responsibilities related to his/her official volunteer status, which must be confirmed by a faculty advisor.

If any of the information required for submission in paragraphs 1, 2, or 3 is false or if the educational institution fails to perform the requirements in paragraphs 1, 2, and 3, then no coverage shall be provided.
6. State vehicles must be fueled with gas upon return to the motor pool with the onsite fuel pumps using a fuel key. Vehicle must be vacuumed out with the onsite vacuum, available 24/7 for state vehicle use only.

Student Vehicle Regulations

The various institutions of higher education under the Board of Regent's control are authorized to establish necessary regulations governing vehicles, traffic, and parking appropriate for their respective institutions. Motor vehicles that are operated or parked on campus must have a registered permit and be operated in accordance with the [University Parking and Traffic Regulations](#). The University Police Department's non-emergency telephone number is 605-658-6199. USD Parking permits may be purchased at the Business Office in Belbas Center or online at [the parking website](#).

Suicide Threat Response Policy

Suicide is the leading cause of death among university students. Additionally, suicide, attempted suicide, and suicidal gestures have detrimental effects on both the involved student and other students in the campus community.

The University of South Dakota (USD) strives to foster a campus community free from personal abuse, directed at oneself or others. USD commits its resources to the following two-fold process: 1) to educate and promote discussion about self-abuse and violence and 2) to provide crisis intervention. The following is a link to the [USD Suicide Threat Response Policy](#).

Timely Warnings and Emergency Notifications

In order to keep the campus community informed about safety and security issues on an ongoing basis, all Title IV institutions are required to have a timely warning and emergency notification policy.

In the event a Clery Act reportable crime is reported, that occurred within the last 15 days, within the USD Clery geography, a "timely warning" will be issued. In the event that a situation arises, either on or off campus, that constitutes a threat to members of the campus community, a "emergency notification" will be issued. The timely warning and/or emergency notification will be issued through the USD Campus Alert system (Everbridge), which includes notification through email, text message, mobile app, and telephone. Notice may also be sent through alternate or additional methods of communication and may be posted on the USD homepage. The following is a link to the [USD Timely Warnings and Emergency Notifications](#) policy.

Voter Registration

As a citizen of the United States, you have the right to vote in county, state, and national elections. As a part of the Higher Education Act of 1965, as amended in 1998, Congress directed schools receiving federal financial aid to assist students who have not yet registered to vote.

As a South Dakota resident, you may obtain a voter registration form at the [Secretary of State's website](#).

If your home state is other than South Dakota, you may obtain a voter registration by using the [national form](#).

Winter Weather Policy

Classes will be canceled this winter when road and weather conditions warrant. Administrative offices will remain open for business when classes are canceled. On occasion, the weather will

not be severe enough to cancel classes but may pose driving conditions requiring extreme caution. If conditions are too severe, students are advised to stay home rather than take unnecessary risks. Faculty will accommodate students missing class under these circumstances.

Faculty will immediately notify their respective department offices in the event they are unable to make class. Students seeking individual class cancellation information should contact the faculty member or the faculty member's department.

In the event staff are unable to travel to campus due to weather conditions, Board of Regents policy allows the taking of annual leave, accrued comp time, leave without pay, or staff may adjust their work week with the approval of their supervisor. In extreme cases, it may be necessary to close administrative offices as well as cancel classes. In that event, food service, public safety, and facilities personnel will continue to provide essential services on campus.

Consumer Disclosures

The Higher Education Opportunity Act (Public Law 100-215) (HEOA) was enacted on August 14, 2008, and reauthorized the Higher Education Act of 1965, as amended (HEA). The HEOA contains numerous federal reporting disclosure requirements for information from various areas of higher education institutions. A disclosure requirement is information the University of South Dakota is required by the U.S. Board of Education to make available to consumers.
