Introduction

The Department of Education's Office of Safe and Drug Free Schools requires that institutions of higher education adopt and implement all elements of the Drug-Free Schools and Communities Act (DFSCA) to ensure eligibility to receive funds or any other form of financial assistance under any Federal program. Institutional obligations under this legislation are outlined below:

H.R. 3614 – Drug-Free Schools and Communities Act Amendments of 1989 101st Congress (1989-1990)

SEC. 22. DRUG-FREE SCHOOLS AND CAMPUSES.

(a) IN GENERAL-

(1) CERTIFICATION OF DRUG AND ALCOHOL ABUSE PREVENTION PROGRAM- Title XII of the Higher Education Act of 1965 (20 U.S.C. 1001 et seq.) is amended by adding at the end a new section 1213 to read as follows:

DRUG AND ALCOHOL ABUSE PREVENTION

SEC. 1213. (a) Notwithstanding any other provision of law, no institution of higher education shall be eligible to receive funds or any other form of financial assistance under any Federal program, including participation in any federally funded or guaranteed student loan program, unless it certifies to the Secretary that it has adopted and has implemented a program to prevent the use of illicit drugs and the abuse of alcohol by students and employees that, at a minimum, includes--

- (1) the annual distribution to each student and employee of
 - (A) standards of conduct that clearly prohibit, at a minimum, the unlawful possession, use, or distribution of illicit drugs and alcohol by students and employees on its property or as part of any of its activities;
 - (B) a description of the applicable legal sanctions under local, State, or Federal law for the unlawful possession or distribution of illicit drugs and alcohol;
 - (C) a description of the health risks associated with the use of illicit drugs and the abuse of alcohol:
 - (D) a description of any drug or alcohol counseling, treatment, or rehabilitation or re-entry programs that are available to employees or students; and
 - (E) a clear statement that the institution will impose sanctions on students and employees (consistent with local, State, and Federal law), and a description of those sanctions, up to and including expulsion or termination of employment and referral for prosecution, for violations of the standards of conduct required by paragraph (1)(A)
- (2) a biennial review by the institution of its program to
 - (A) determine its effectiveness and implement changes to the program if they are needed; and
 - (B) ensure that the sanctions required by paragraph (1)(E) are consistently enforced.

Biennial Review Process

The University of South Dakota (USD) releases this biennial review in compliance with the Drug-Free Schools and Communities Act. An announcement of USD's biennial review's availability will be sent to all University community members via USD email every two years at the beginning of Spring Semester. The review will also be available on USD's website at the following link:

https://www.usd.edu/about/departments-offices-and-resources/university-police.

To request a printed copy of this biennial review, please contact the Dean of Students: deanofstudents@usd.edu; (605) 658-3555.

Policies Related to Alcohol and Drug Use

The following linked South Dakota Board of Regents (SDBOR) and institutional (USD) documents outline policies and procedures related to alcohol and drugs at the University of South Dakota. These policies and procedures aid the University in ensuring compliance with the Drug Free Schools and Communities Act.

I. Campus Policies

- SDBOR 4:27 Drug Free Environment
- SDBOR 6:14 Sale of Alcoholic Beverages at Institutions
- USD 2.043 Smoke & Vapor Free Campus
- USD 2.050 Sale of Alcoholic Beverages

II. Student Specific Policies

Student Alcohol and Drug policies are linked below:

- SDBOR 3:4 Student Code of Conduct
 - 2.7.1. The unauthorized manufacture, sale, possession, use, or consumption of alcohol, marijuana, or controlled substances by students.
 - 2.7.3. The unauthorized possession of any drug paraphernalia.
- SDBOR 3.7.1 Housing & Meal Plan Requirement
 - o 5. Criminal History Resulting in the Loss of Privilege to Live in Institutional Housing
 - 5.2 When a person has been found to have committed a felony offense involving use or sale of illegal drugs or involvement in a crime of violence which did or could have resulted in injury to a person
- USD 7.004 Student Tailgating Policy
- Student Handbook
- Parental Notification Policy

- University Housing Policies
 - Community Living Policies
 - Alcohol Permitted Rooms
 - University of South Dakota Student Services may designate housing units in Coyote Village and McFadden Hall as housing units where alcohol is permitted for student residents and guests who are 21 years of age or older. The complete policy is available from University Housing.
- Sorority & Fraternity Life
 - The following apply to fraternity and sorority houses/chapters at USD.
 - Alcohol: Sororities are substance-free. If a fraternity chooses to host a social event with alcohol in their facility, the consumption of alcoholic beverages must be limited to fraternity common spaces for the duration of the event; alcoholwill not be consumed in private residential spaces during organizational events or socials. Alcohol is allowed in private residential spaces, if all individuals occupying the room are of legal drinking age. Larger gatherings of individuals must be registered via USD Involved and should not take place in private residential space.
 - The University of South Dakota prohibits the presence of alcohol products above 15% ABV in any chapter facility or at any chapter event (as defined by their individual national organizations and the local Interfraternity and Panhellenic bylaws), except when served by a licensed third-party vendor or in cases where the university is the majority sponsor of the event.
 - Additionally, Alcoholic beverages may not be available or consumed at any type of recruitment event for any reason in any form by a recruitment participant. This includes PNMs (potential new members), initiated chapter members (active or inactive), disaffiliated Gamma Chis, Interfraternity/Panhellenic Executive members, visiting chapter members, or any other representative of the chapter.

 - 5.6. The manufacture, distribution, dispensing, possession or use of alcohol or controlled substances shall be cause for discipline where:
 - 5.6.1. The conduct is unlawful or unauthorized and occurs while acting within the scope of employment; while on premises owned and controlled by the Board of Regents or used by the Board of Regents for educational, research, service or other official functions; or while participating in any capacity in activities sponsored by the Board; or

5.6.2. The conduct has been authorized and is lawful, but the use significantly impairs the faculty member in the performance of his duties; or Faculty Remediation 5.6.3. Other conduct that involves a failure to conform to laws regulating alcohol and controlled substances and that results in injury to the person or the rights of others.

- ◆ 4.3.1 Non-Faculty Exempt Employment Provisions
 - □ 5. Conduct

5.1.1.12. The unlawful or unauthorized manufacture, distribution, dispensing, possession or use of alcohol or controlled substances while on duty or while on premises owned and controlled by the Board of Regents or used by the Board of Regents for educational, research, service or other official functions.

Health Risks Associated with Alcohol and/or Drug Use

While major health risks are associated with the use and abuse of alcohol and/or drugs, the impact on the individual varies based on the user's tolerance, genetics, gender, physique, as well as other physical and psychological factors. The National Institute on Drug Abuse offers a comprehensive collection of the most commonly used substances including an overview of the street and clinical names, the effects of the drug, as well as resources on prevention, recovery, and treatment options. These resources are readily available on the National Institute on Drug Abuse site: www.drugabuse.gov/drug-topics

Alcohol and/or Drug Abuse Programs Available to Students, Staff, & Faculty

Short term alcohol and other drug counseling is available on campus to students through the <u>Student Counseling Center</u>; (605) 658-3580. Students may be referred through the Student Counseling Center to other treatment programs for more intensive treatment.

Offered through the State Bureau of Human Resources, the Employee Assistance Program offers employees education and counseling, as well as appropriate referrals. To utilize the Employee Assistance Program, please visit https://www.guidanceresources.com & enter the company code southdakota or phone 1.833.955.3403.

The <u>Helpline Center</u> provides the current substance abuse counseling agencies in Vermillion and the surrounding areas:

- Substance Abuse Programs in Clay County, include:
 - o <u>Lewis & Clark Behavioral Health Services</u> (605) 665 4606
 - o Avera Addition & Recovery Center Sioux Falls (605) 504-2222

Interested individuals are encouraged to contact these agencies for additional information regarding specific services and costs.

Student Counseling Center Alcohol & Drug Support Services

The chemical dependency program at the Student Counseling Center is accredited through the South Dakota Division of Alcohol and Drug Abuse for Level 0.5 Early Intervention Services, Prevention, and Level I Outpatient Services Program Patient Treatment Program. Chemical dependency treatment services are available to all registered USD students and include:

- alcohol and drug assessments
- individual counseling
- group counseling
- aftercare opportunities
- recovery maintenance programs.

Assessment services are provided to USD students who request assistance in identifying their current substance use concerns. Assessment is also provided for students who have been court-ordered by the city, county, or state(s) court system or the Office of Student Rights & Responsibilities. Assessment includes an identification of substance use background, patterns, and specific needs of the client. Feedback and recommendations are provided to the client. Further information about these services may be found at on the Student Counseling Center website.

The Student Counseling Center also provides online alcohol and marijuana screenings available for students. These include:

Alcohol eCheckUp To Go provides accurate and personalized feedback about:

- individual drinking patterns
- risk patterns
- aspirations and goals
- helpful resources at the University of South Dakota and community

Marijuana eCheckUp to Go provides accurate and personalized feedback about:

- individual patterns of marijuana use.
- risk patterns
- aspirations and goals
- resources at the University of South Dakota and community

Further information and access to these <u>online assessments on the Student Counseling Center website</u>.

The Student Counseling also offers in-person, in-depth alcohol and drug assessments and programs. These programs are described below:

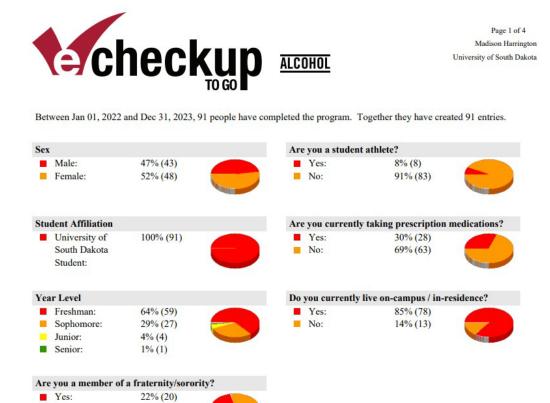

<u>Brief Alcohol Screening and Intervention for College Students (Basics)</u> is an intervention used to aid college-age students make better choices related to alcohol by reducing consumption (and related adverse consequences), promoting healthier alternatives, and proving information on risk reduction.

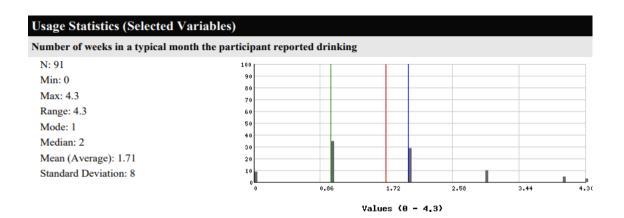

<u>Choices About Alcohol (Choices)</u> is a brief alcohol abuse prevention and harm reduction program for college students involving interactive journaling. The CHOICES program involves a 90- minute, peer facilitated class. Throughout the course, students are presented with information and then they can reflect on what they have learned as it relates to their choices about drinking in their personal journals. The CHOICES program is presented in a non-confrontational manner that enables students to make their own decisions about alcohol consumption.

<u>Prime for Life©</u> is an evidence-based motivational prevention, intervention and pre-treatment program specifically designed for people who may be making high-risk choices. This includes but is not limited to impaired driving offenders and young people charged with alcohol and/or drug offenses. It is designed to change drinking and drug use behaviors by changing beliefs, attitudes, risk perceptions, motivations, and the knowledge of how to reduce risk of alcohol and drug related problems.

Assessment Student Counseling Center Alcohol & Drug Services

University Prevention Summary Report for e-Checkup To Go (January 1, 2022, through December 31, 2023): In this evaluation, students were asked a series of questions concerning their understanding of the effects of alcohol as well as their thoughts about their own choices and consumption of alcohol at the beginning of their educational track. The evaluation was followed up with an individual session to further discuss the outcomes and establish future goals for use. The sample size was 91 students.

Student Assessment Related to Alcohol and/or Drugs

Alcohol and Drug Survey: The Core Alcohol and Drug Survey, which was developed to measure alcohol and other drug usage, attitudes, and perceptions among college students, has historically been used as a means of gathering student use information. However, this survey is no longer available the The Core Institute. The Student Counseling Center has partnered with Mountain Plains Evaluation to develop a survey of this nature. This survey examines student attitudes, perceptions, and opinions about alcohol and other drugs as well as their own use and consequences of alcohol and drug usage. This survey was conducted in April 2024 with 269 respondents. Significant results of this survey are presented below:

- Following are some key findings on the <u>use of alcohol</u>:
 - 37.69% of the students indicated their use has increased over the last year
 - 15.38% of students indicate their use of alcohol has decreased over the last year
 - 90.0% of students indicate they have used a designated driver when they choose to drink
 - 65.06% of underage students (under 21) consumed alcohol in the previous 30 days
- Following are some key findings on the <u>use of illegal drugs:</u>
 - 17.57% of the students are current marijuana users ("30-day prevalence").
 - 1.95% of the students are current users of illegal drugs other than marijuana ("30-day prevalence").
- Following are some key findings on <u>opinions</u> about the campus environment:
 - 89.96 % of students said the campus has alcohol and drug policies;
 - 9.29 % said they "don't know"; and
 - 0.74 % said there wasn't a policy.
 - 53.90% of students said the campus has an alcohol and drug prevention program;
 - 33.83 % said they "don't know"; and
 - 12.27 % said there wasn't a program.
- With regard to students' <u>perceptions</u> of other students' use:
 - 95.12% believe the average student on campus uses alcohol once a week or more.
 - 86.76% believe the average student on this campus uses marijuana at least once a week.
 - 57.08% believe the average student uses prescription drugs for the experience of feeling.
 - 72.33% indicate they have a responsibility to contribute to the well-being of other students.
 - 76.68% would like to see more alcohol -free events on campus.

Additional Campus Programs & Services Related to Alcohol & Drug Education

In addition to the alcohol and drug education assessments and services detailed in the previous section, the following programs and activities compliment the services offered by the Student Counseling Center:

- Department of Addiction Counseling and Prevention: The University of South Dakota has been a national leader in addiction counseling and prevention programs for over 45 years. This program offers undergraduate, graduate, and certificate opportunities in addiction counseling and prevention.
- Vector (https://nida.nih.gov/research-topics/commonly-used-drugs-charts) The South Dakota Board of Regents contracted with Clarity in 2019 and SafeColleges in 2020 to provide federally required training online related to the Title IX and the Campus SaVE Act. Now called Vector. A module on alcohol and drugs was included in both the Campus Clarity & SafeColleges trainings. Campus Clarity in 2019 and SafeColleges in 2020 to provide federally required training online related to the Title IX and the Campus SaVE Act. Now called Vector. A module on alcohol and drugs was included in both the Campus Clarity & SafeColleges trainings.
- Beer's Aren't Bad: in partnership with University Housing and Sorority & Fraternity Life, this alcohol use & prevention program was brought to campus in fall 2023 and 2024. "Beers Aren't Bad" (BAB is a grassroots program aimed at reducing alcohol misuse, particularly among college student, by promoting responsible drinking habits through interactive presentations, storytelling and a positive approach that emphasizes person choice, rather than demonizing alcohol itself; essentially, it teaches students how to enjoy drinking responsibly without excessive consumption, focusing on the idea that "beer isn't bad, but excessive drinking can be.
- Student Counseling Center Advisory Board: is comprised of students, faculty, and staff who
 meet on a quarterly basis to review all drug and alcohol treatment programs and prevention
 programming provided by the Student Counseling Center. The board provides input
 regarding needs on campus and suggestions as to best approaches to better meet student
 needs.
- Safe Rides offers free, safe, and convenient transportation services during the academic year on Friday & Saturday nights between 10pm-3am. This service is devoted to saving lives, preventing injuries, protecting neighborhoods, and keeping impaired drivers off the road. This grant-funded offers over 9,000 rides for students and community members annually. Further information about Safe Rides is available here: www.usd.edu/student-life/safe-rides.
- University Housing Programming: Resident Assistants and housing professional staff in all USD residential communities offer creative programming to present alcohol and drug education in an active and welcoming environment. Programs such as Drunk Goggle Mario Cart, Mocktails & Trivia, Alcohol Poisoning is Spooky, as well as various informational poster campaigns and bulletin boards were implemented.
- Student Engagement Programming: Student Programming strategically plans and organizes campus events so that students have safe, fun, and healthy alternatives on the USD campus every day.

Disciplinary Sanctions for Violations of the Student Code of Conduct

In accordance with the Drug Free Schools and Communities Act, the Student Code (SDBOR 3:4) prohibits, "the unauthorized manufacture, sale, possession, use, or consumption of alcohol, marijuana, or controlled substances by students." The Student Code also outlines the procedures for which due process is afforded to students. Allowable sanctions for violating the Student Code range from a warning to expulsion, depending on the severity of the event. Action by the South Dakota Board of Regents in 2017 removed mandatory minimum sanctions for alcohol and other drug offenses, but the following chart outlines sanctions regularly assessed for students found responsible for violating the Student Code.

Common Conduct Sanctions for Student Alcohol & Drug Violations

Common Conduct Sanctions for Student Alcohol & Drug violations					
	Alcohol	Drug

Clery Act Reportable Disciplinary Referrals

The table below presents the data for liquor and drug law violations and referrals as reported in USD's Annual Security Report in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act. The chart below is for the USD main campus. The USD Sioux Falls campus has not reported any liquor law or drug law violations during 2022 or 2023.

Alcohol & Other Drug Referrals to Student Rights & Responsibilities

The Office of Student Rights & Responsibilities (SRR) receives referrals for allegations of violations of the Student Code (SDBOR 3:4) as well as violations of law. These referrals may come from any member of the campus community, but largely these notices stem from the University Police Department and reports from University Housing staff. Per the Student Code, the threshold used for student conduct cases is the preponderance of evidence standard. Not all referrals result in findings of responsibility; without a finding of responsibility, no sanctions are applied. The most recent data available from 2024 is up to date as of December 20, 2024.

Program Strengths & Challenges

- Program Strengths & Opportunities
 - O Though mentioned previously in this review, one of the University of South Dakota's greatest assets in providing alcohol and other drug assessments and programs is the Student Counseling Center's chemical dependency program accreditation through the South Dakota Division of Alcohol and Drug Abuse. This is worth repeating as the USD Student Counseling Center is the only university center in the state (and one of few nationally) to have such distinction. With the dedicated staff of the Student Counseling Center, students at the University of South Dakota have access to quality care to address their chemical dependencies.
 - The University Police Department and the Division of Student Services, particularly University Housing, have a strong partnership. University Housing staff and UPD officers conduct regular rounds of residential facilities to ensure resident safetyand compliance with applicable Federal and State laws as well as University policy.

- Violations of law and student code are addressed and referred for adjudication through the Courts and/or the Office of Student Rights & Responsibilities.
- Results from the Core Alcohol and Drug Survey indicate that students were aware of USD's alcohol and drug policies (94.2%) and believed they were enforced (79.5%).
- O The Programming Committee connects departments from across campus to strategically plan and organize campus events so that students have safe, fun, and healthy alternatives to actively engage in every day on the USD campus.
- The Wellness Coalition works towards helping create an awareness of expectations, norms, and real facts about alcohol and drug consumption on campus with a large body of campus partners. Through increasing the perception of harm, these groups continue to help change attitudes about excessive drinking and substance use on the USD campus.

• Program Challenges

- O As demonstrated through the University Prevention Summary Report, pre- and post-test surveys of student participants in alcohol and drug programs indicate the interventions have a noticeable impact of their understanding of chemical dependency. Most student participants were placed in these interventions upon referral from the Office of Student Rights and Responsibilities. A continual challenge is educating students of services and program offerings prior to their involvement in situations that lead to a conduct referral. This is further complicated as the counseling center is often at (or beyond) capacity.
- o In 2020, the voters of South Dakota passed Initiated Measure 26 and approved medical cannabis. Since then, the South Dakota Medical Cannabis program has been launched and is operational. The Departments of Health and Education have delivered a regulatory program that ensures the safety of patients, students, and the public in this new industry.
- Recreational marijuana use and possession remain illegal in South Dakota. The campus, local law enforcement, and the Clay County State's Attorney's Office continue to enforce violations of recreational marijuana laws, and marijuana remains prohibited on the USD campus.

Recommendations

- The University of South Dakota will continue to offer and expand alcohol and drug education opportunities and modify programs based on assessments and best practices.
- Work with the Office of Institutional Research to Offer the SUIC/Core Institute Alcohol and Drug Survey Long Form instrument to a larger sample of students to assess the USD climate related specifically to alcohol and other drugs.
